

## Hawaiian Volcano Observatory 2014 Volcano Awareness Month—“At-a-Glance” Schedule

### “After Dark in the Park” Programs ♦ 7:00 p.m.

Kīlauea Visitor Center, Hawai‘i Volcanoes National Park

*Presentations are free, but Park entrance fees apply.*

*Directions: <http://www.nps.gov/havo/planyourvisit/directions.htm>*

*More info: (808) 985-6011 -or- [askHVO@usgs.gov](mailto:askHVO@usgs.gov) -or- (808) 967-8844.*

#### **Tuesdays**

**January 7**      **Kīlauea Volcano's East Rift Zone: 31 years and still erupting**  
Tim Orr, USGS Hawaiian Volcano Observatory Geologist

**January 14**      **Happenings in Halema‘uma‘u: An update on Kīlauea’s summit eruption**  
Matt Patrick, USGS Hawaiian Volcano Observatory Geologist

**January 21**      **Earthquakes and explosions: Shocking events at Kapoho and Halema‘uma‘u in 1924**  
Ben Gaddis, USGS Hawaiian Volcano Observatory Volunteer

**January 28**      **Decades of degassing: Wake up and smell the coughing!**  
Tamar Elias and Jeff Sutton,  
USGS Hawaiian Volcano Observatory Gas Geochemists

**February 4**      **What we don’t know about Hawaiian volcanoes**  
Mike Poland, USGS Hawaiian Volcano Observatory Geophysicist

### **Ka‘ū Talk ♦ 6:30 p.m.**

**Ocean View Community Center, Hawaiian Ocean View Estates**

*More info: [askHVO@usgs.gov](mailto:askHVO@usgs.gov) or (808) 967-8844.*

#### **Wednesday, January 8**

**Mauna Loa: How Well Do You Know the Volcano in Your Backyard?**

Frank Trusdell,  
USGS Hawaiian Volcano Observatory Geologist

### **Kona Talk ♦ 5:30 p.m.**

**NELHA Gateway Visitor Center, Kailua-Kona**

*More info: [askHVO@usgs.gov](mailto:askHVO@usgs.gov) or (808) 967-8844.*

#### **Wednesday, January 22**

**From Ka‘ū to North Kona: Stories of lava flows and volcanic landscapes**

Jim Kauahikaua and Janet Babb,  
USGS Hawaiian Volcano Observatory Scientists

#### **Saturday, January 25**

**8:00 a.m. – 12:45 p.m.**

*HVO scientists will be available to answer questions at their exhibit during Onizuka Science Day on the UH-Hilo campus.*

### **Talks at the University of Hawaii at Hilo ♦ 7:00 p.m.**

**Room 100, University Classroom Building (Building 301)**

*Campus Map: [http://hilo.hawaii.edu/images/maps/main\\_campus\\_map.pdf](http://hilo.hawaii.edu/images/maps/main_campus_map.pdf)*

*More info: [askHVO@usgs.gov](mailto:askHVO@usgs.gov) -or- (808) 967-8844.*

#### **Thursdays**

**January 9**      **Human footprints tell of tragedy in 1790 ... or do they?**  
Don Swanson, USGS Hawaiian Volcano Observatory Geologist

**January 16**      **What is a fissure eruption and how does it work?**  
Carolyn Parcheta, University of Hawai‘i Volcanologist

**VAM presentations are free and open to the public.**  
**Detailed descriptions are posted on HVO’s website: <http://hvo.wr.usgs.gov>**
